

Socially Distanced Engagement

Times are tough, your CHNA doesn't have to be.

PRC's **25+ years of experience** conducting CHNAs allows us to leverage technologies to engage your communities in times of social distancing. PRC's CHNA allows you to fulfil IRS requirements and offers the potential to:

Engage thousands of community **residents**

- 1-on-1 phone conversations
- Outreach for online engagement
- Social media connections
- Individual voices to paint a picture of community health

Engage hundreds of community **stakeholders**

- Virtual space to share observations and feedback
- Broader participation without having to gather in person
- Give voice to the most vulnerable populations
- Investment in the process to promote buy-in for future collaboration

Involve **everyone** in working toward collective impact solutions

- Virtual rollout of CHNA findings
- Real-time online feedback to establish priorities
- Connections for next steps and future partnerships
- Awareness of your hospital's community benefit activities
